

MORE THAN A *Story*

Because every story matters

DISCIPLING MARSABIT'S YOUTH

Partners for Care Marsabit joined the youth of God's Grace Ministry Church this week to **encourage them in Christian faith, strengthen their relationships with Jesus through Scripture and Prayer, and empower them.**

We encouraged them to abstain from unholy behavior; character that does not honor God. Things such as drug use, pre-marital sex, illegal or violent activities, **dishonesty, pride, or plotting evil in their hearts;** and negative peer pressures. **But instead, to be positive, loving, and truthful. To look out for one another and do good to their neighbor. All because God wants what is best for them.** We also focused on HIV/Aids awareness with them.

The session was so impactful! The youth promised to **make effective efforts to set an example and 'campaign' in Marsabit, reaching as many people as possible with the message they received from us.**
