

MORE THAN A *Story*

Because every story matters

RECEIVING A GREAT BLESSING

“Our recent outreach took us to Jimba, a densely populated Watamu village, where many children have been suffering silently with jiggers. With schools being closed for the long holiday, young ones have been at home for weeks, walking with painful, infected, dirty feet.

We set up a treatment zone with the help of older siblings and mothers who were eager to support the process. I trained 26 women, three of whom took the lead in fetching water from a nearby borehole to assist with cleaning and treatment.

Through door-to-door visits, we treated 167 children, bringing relief, comfort, and restored dignity to their little lives. We will return to reach the remaining children who were out fishing during our visit.

RECEIVING A GREAT BLESSING ... Cont'd

We extend our heartfelt gratitude to Partners for Care for making this life-changing work possible.

Your unwavering support continues to transform communities and give hope to families who have endured these challenges for generations.

The villagers of Kidogobasi & Mida received great blessings thanks to our donors who generously keep this mission alive and impactful!

May God richly bless you all for your generosity, commitment, and compassion."

~ Peter Chea - PFC Kilifi Director
