Because every story matters

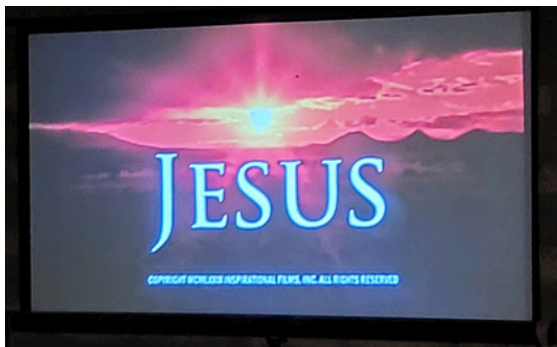

THE GOOD NEWS

It's only Good News if it gets there in time.

Carl F.H. Henry

**This is a GOOD NEWS story!
One of opportunity, redemption,
and everlasting hope.**

“Partners For Care Marsabit has been conducting evangelism in different villages in Marsabit. Preaching the Good news, praying for those who need prayers, giving training for the youth in the villages, and showing The Jesus film during the night with new equipment we received.”

“Evangelism reached Demo and Muthee Villages, where **103 people heard the Good news, and three received Christ. We witnessed villagers not only learning about Jesus, but encountering Him!**

We also met with the youth, providing mentorship and life skills training, and giving 10 of them a Bible in their own language.

We bless God for the amazing work He is doing in Marsabit!

We also bless and thank all our donors for their incredible support.”

God bless!
