

WaterSafe backpack Program for Kenya: Safe water campaign

Map of WaterSafe backpack distribution in Kenya

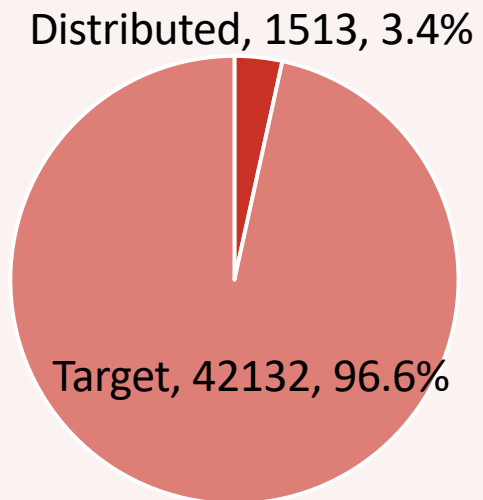

January 2024

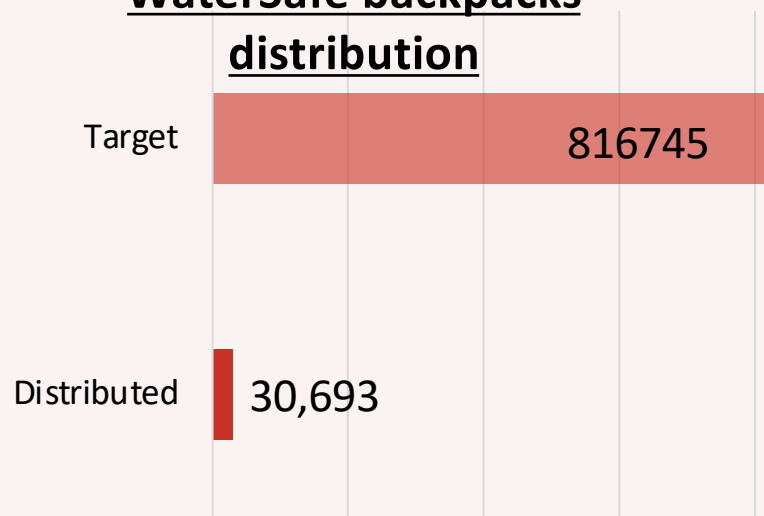

Partners for Care

- Partners for Care (PFC) has distributed 68,230 WaterSafe backpacks impacting thousands of families with access to safe water.
- Currently, 1513 out of 43,645 primary and secondary schools in Kenya received the WaterSafe backpacks.
- 42,132 schools are yet to receive the WaterSafe backpack.
- The number of WaterSafe backpacks distributed to schools by PFC is 30,693.
- There is need for an additional 816,745 WaterSafe backpacks in order to ensure children in all schools in Kenya have access to safe water through the WaterSafe backpacks.

Primary and Secondary Schools

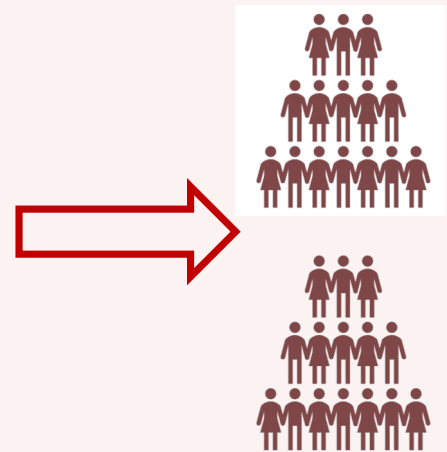

WaterSafe backpacks distribution

Partners for Care

One WaterSafe backpack serves 30 children

- PFC has impacted over 922,687 school-going children through the distribution of the WaterSafe backpacks.
- If the need for an additional 816,745 WaterSafe backpacks is met, more than 24,502,350 children will have access to safe drinking water.

Impact

922,687, 4%

Target, 24,502,350, 96%
